EDUCATION

04/2018-Heute	**Electrical Engineering and Information Technology (Master)**

Karlsruher Institut für Technologie

- Specialization: Signal Processing, Image Processing
- 4. Semester
- Current grade: 2,3
- Lectures: cognitive systems, Information fusion, Pattern recognition, Optimization of dynamic system, Image processing etc.

10/2016-02/2018 **Electrical Engineering and Information Technology**

Hochschule Mittweida

- Final grade: 1.3

09/2013-05/2016 **Electrical Engineering and Information Technology**

Changshu Institute of Technology

PRACTICAL EXPERIENCE

04/2017-12/2017 **Internship, ACMC (Application Center Microcontroller)**

design hardware components for an IoT experimental system

Tasks: 1. Design hardware (PCB)

2. Development of the corresponding Software

3. Debug, Tests and Optimization

Knowledge of WiFi Chip (ESP8266), AVR (ATmega128), C Programming language, Altium Designer

SKILLS AND AWARD

Languages:	Deutsch, Englisch
IT:	Office MS, C Language, Matlab, Altium Designer, Arduino DIE, Python, OpenCV, Tensorflow
Award:	Deutschlandstipendium
